EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	*AI & ML*	SNIST	2023-Present	9.30
Intermediate	*Mathematics,Physics & Chemistry*	Narayana College	2022	9.74
SSC	-	Kids Convent	2020	10.0

TECHNICAL SKILLS

- **Languages & Frameworks:** JavaScript, TypeScript, Node.js, Express.js, React.js, MongoDB
- **Web Development:** HTML, CSS, Tailwind CSS
- **Databases:** MongoDB, PostgreSQL
- **DevOps & Tools:** Git, GitHub, Docker, Postman, Vercel, Render, AWS
- **Design & Video Editing:** Canva, Adobe Premiere Pro, CapCut

PROJECTS

- **CiviGuard-AI** *TypeScript, React, AI APIs*
  Developed an AI-enabled civic issue reporting platform where users can upload images and descriptions of civic issues.
  Integrated AI for classification and geolocation-based mapping to aid local authorities.
- **ATS-Raiser-AI** *TypeScript, Gemini APIs*
  Built an AI-based resume analyzer that gives ATS scores and personalized suggestions using GPT.
  Improved resume visibility with real-time parsing and optimization feedback.
- **EAMCET College Predictor** *TypeScript, Data Analysis*
  Created a predictor using historic cutoff data to recommend colleges based on user rank, category, and preferences.
  Implemented trend analysis and filtering logic for personalized results.
- **FoodiesHub** *TypeScript, MERN Stack, CashFree API*
  Developed a full-stack food ordering app with authentication, item listings, and Stripe-based payments.
  Built using MongoDB, Express, React, Node.js with real-time updates and responsive UI.
- **StudyShare** *TypeScript, React*
  Platform for students to upload and access academic resources like notes and previous year papers.
  Enabled filtering by semester, subject, and type of material.

LICENSES & CERTIFICATIONS

- **Hackprix Hackathon - 2** – CodeWave Hub
- **Cloud 101 Workshop** – Cloud Community Club
- **Docker & Kubernetes Workshop** – Scaler
- **AI Summit** – SDC INDIA
- **AI HackDay** – Swecha Telangana
- **Hackprix Hackathon - 1** – CodeWave Hub
- **Freedom with AI Master Class** – Freedom With AI
- **Ideathon** – AIESEC in India

ACHIEVEMENTS

- Selected as a **Finalist in AI Hack Day** during the **AI Days Tech Conference** hosted by Tech Mahindra, for proposing impactful AI-driven civic solutions.
- **Participant in Hackprix Hackathon – Season 1 & Season 2**, showcasing problem-solving skills, collaboration, and full-stack development in competitive tech sprints.

EXTRA CURRICULAR ACTIVITIES

- Create engaging tech content on Instagram and YouTube (@techy.aravind), simplifying complex AI/ML and programming topics.
- Empower 1000s of learners with career tips, resume hacks, and hands-on project breakdowns through relatable and practical content.
